Forms: Project Details

No Handwritten Forms will be accepted

Project Details (please briefly describe the purpose of the project, how will it be conducted, how data will be collected and protected/maintained, how population will be selected, how the consent process is conducted, if required, including consent form. Provide detailed information for any relevant item checked in the check list.)

If Non-Exempt Expedited or Full Review, please reference **Project Details Research Proposal Guidelines** to ensure all categories/details addressed. May provide separate page(s) to ensure all categories addressed.

If Exempt, provide brief summary/description here.

This is a resubmission. The original project was accepted as exempt research in February of 2014. Changes to the previous submission are as follows:

1. Inclusion of a Neuroticism personality inventory. This will include 8 Likert-scale questions. The inventory is free to use for research purposes.
2. Inclusion of extra demographic questions: gender and household income.

The full text of the project details is attached in a supplemental form.
